

Painting My Life Away
Celebration-area painting contractor

CLEAN | SEAL | PROTECT

Protect the finish before the finish.

A premium exterior painting process for Florida homes, led by an experienced painter who knows Celebration.

JR Hatchett brings decades of paint experience, practical judgment, and local approval knowledge to homeowners who want the work done correctly.

THE METHOD

Florida homes need a system, not a shortcut.

The finish coat is only the final visible layer. JR's process is built around the prep and sealing work that help the coating perform.

01

Clean

Wash, evaluate, and identify dirt, chalking, mildew, cracks, and open joints.

02

Seal

Caulk, fill, and apply a true sealer where the surface needs a proper foundation.

03

Protect

Finish with Benjamin Moore premium professional-grade exterior products.

The exterior protection stack

Flexible sealants. Masonry sealer. Premium exterior topcoat. Each role matters.

LOCAL ADVANTAGE

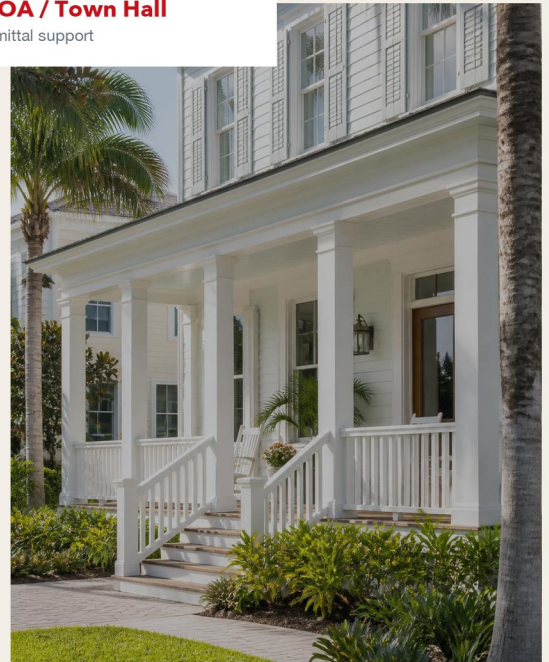

The neighborhood knowledge is part of the service.

Exterior painting in Celebration can involve color expectations, documentation, timing, and approvals. JR has decades of experience dealing with CROA and Celebration Town Hall.

Exterior approval support

On exterior projects, JR can help handle the submittals and approvals so homeowners are not left guessing what to send or how the painting work fits local expectations.

CROA / Town Hall
submittal support

FOR HOMEOWNERS AND REALTORS

Choose the painter who can explain the work.

Ask JR what the home needs before choosing a paint job. A careful estimate should explain the surface, the prep, the sealer, the finish, and any Celebration approval path.

- Exterior repainting and color guidance
- CROA / Celebration Town Hall submittal help
- Pre-listing refreshes, move-ins, and realtor referrals
- Interiors, cabinets, trim, doors, Regal Select, and Scuff-X where appropriate
